TECHNICAL EVENT – SQUIZ GAME

Rules and regulations for Technical Quiz:

1) Participants can join for this event as an individual or as a team of Max 2 members.

2) Interested students can register through the Google form

3) Quiz Competition will be conducted in 2 rounds

Round 1- Totally 15 questions will be asked in the round 1 and which individual or team answers correctly for most of the questions, will be selected to round 2 (IF ANY INDIVIDUAL OR A TEAM ANSWERS 5 QUESTIONS CORRECTLY IN A ROW WITHOUT SKIPPING ANY QUESTION, THEN THAT TEAM WILL BE DIRECTLY QUALIFYING FOR THE SECOND ROUND).

Round 2- The selected individuals or the teams from round 1 will be again asked with 15 questions in round 2 and who answers for the most of the questions will be the winner.

4) Questions will be related to programming and computer science

5) Timing will be there for each question and time for each question differs accordingly

6) Winner will be awarded with a certificate.
